Gray Davis
Governor

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption.
For a list of simple ways you can reduce demand and cut your energy costs, see our website at www.swrcb.ca.gov/rwqcb8.*

IMPORTANT INFORMATION FOR OWNERS/DEVELOPERS COMPLYING WITH THE SAN JACINTO WATERSHED STORMWATER CONSTRUCTION PERMIT (ORDER NO. 01-34)

2001-2002 Annual Reports

As required by the San Jacinto Watershed-wide Discharges of Storm Water Runoff Associated with New Developments, Order No. 01-34, NPDES No. CAG 618005 (San Jacinto Permit), please complete and submit your 2001-2002 annual report to the Santa Ana Regional Water Quality Control Board (RWQCB) by August 1, 2002. You must keep a copy of the annual report in your construction site and office for your records. Annual report forms are available at and can be downloaded from the Storm Water San Jacinto Watershed Internet page, http://www.swrcb.ca.gov/rwqcb8/html/san_jacinto.html.

You must report all storm water compliance activities that occurred during the period of July 1, 2001 - June 30, 2002. The report shall include a summary of all inspection reports, all analytical data, any proposed revisions to the SWPPP, and a compliance certification. If any storm water compliance activities were not completed, explain in the annual report why the activities were not completed and describe, as appropriate, what measures will be taken to ensure these activities are completed in the future. As required by the San Jacinto Permit, dischargers who cannot certify annual compliance must notify the Executive Officer at the time of submittal of the annual report on August 1.

Please note that Section 13399.33 of the California Water Code stipulates a minimum penalty of \$1,000 for failure to submit an annual report.

Owner/Developer Compliance Responsibilities During 2002-2003

All ongoing development shall continue to comply with the current San Jacinto Permit for the upcoming compliance (July 1, 2002 – June 30, 2003). If site construction is completed within the period, a Notice of Termination of coverage under the San Jacinto permit must be submitted and post-construction monitoring initiated. The last annual report is due no later than August 1 following completion of one year of post-construction monitoring and sampling. The 2002-2003 annual report form will be available at the Storm Water San Jacinto Internet page. If you would like us to mail you the form, please call the RWQCB office at 909-782-4130, stating your WDID number, name, company, and mailing address.
